

## The “Course Home” Page

The “Course Home” page is the starting point to your interaction with our CTS Animals course. The information below provides you with an overview of the key elements that you see on the Course Home page.

### Universal Nav Bar.

These menu items access other areas of the CTS Courses site.

### URL Window.

This is where you will copy the url for select course activities.

### Course Progress Bar

A visual indicator of how much of the course content you have completed.

### Course Menu

This is a clickable navigation menu with the Course Modules and Topics. Click the chevron ( ) to left of the Module titles to expand / collapse Module contents. Click any item to jump to that item. This menu is ‘universal’ and thus is available on every page of the course.

### Content Area

Page content and instructions are located in this main area of the window.

**Course Content & Status Menu** Provides all the information of the Course Navigation Menu as well as completion status checkmarks. Note: this menu is only available on the Course Home page.

The screenshot shows the CTS Animals Course Home page for AGR 1040: Animal Basics. The page layout includes a navigation bar at the top with links: Home, About, Courses, For Teachers, For Students, Log Out, and Register. Below the navigation bar is a course progress bar and a course menu. The main content area displays the course title, status, and materials. A table at the bottom lists the course content modules and their completion status.

Course Content		Expand All   Collapse All
Modules	Status	
1 Start Here!		
2 Module 1: Basics of Animal Care & Welfare		
3 Module 2: Responsible Animal Care		
4 Module 3: Animal Health
